NyayaMitra - 3-Minute Judge Demo Video Script

App URL: http://localhost:8501 | Presenter: Advait Pathak

0:00 - 0:30 | Part 1: The Hook & Architecture Overview

ON SCREEN: Show the NyayaMitra main interface (http://localhost:8501) and left sidebar.

SAY TO JUDGES: "Hi everyone, I am Advait Pathak, and for Problem 2 I built NyayaMitra - an Indic Voice-First AI Lawyer for everyday civil disputes in India, covering Tenancy Deposits, Unpaid Salary, Consumer Disputes, and Money Recovery / Cheque Bounce. Instead of building a rigid form-filler or an ungrounded chatbot that hallucinates fake laws, NyayaMitra combines Sarvam AI Saaras v3 STT and Bulbul TTS with a Neuro-Symbolic Math Engine, a Bar Council of India (BCI) LL.B. Doctrinal Matrix, and a Calibrated Live IndianKanoon.org Precedent Web-Search Agent."

0:30 - 1:45 | Part 2: Live Multi-Turn Consultation, CTC Math & Live IndianKanoon Search

ON SCREEN: Click [Reset / Start New Case] in the sidebar. Use either [Speak Voice Note] or [Type Message].

TURN 1 - SPEAK OR PASTE (Simple Turn - Below 0.60 Severity Threshold):

"Main Bangalore ki XYZ Company me kaam karta hoon, offer letter par mera naam Advait Pathak hai, aur meri 2 mahine ki salary nahi aayi hai."

POINT OUT TO JUDGES:
1. Left Sidebar: NyayaMitra automatically inferred Currently Employed and offer_letter_and_slips from context without robotic form questions.
2. Severity Gate Caption above reply: Notice how on a simple opening turn (Severity < 0.60), our calibrated gate skips web searching to keep the response fast.

TURN 2 - SPEAK OR PASTE (Complex CTC Math + Relieving Letter - Triggers Web Search):

"Mera designation Senior Software Developer hai. Mera saal ka CTC 18,00,000 rupaye hai jisme 12,00,000 fixed hai aur 6,00,000 stocks aur bonus hai. Company ne mera relieving letter bhi rok rakha hai, kripya meri baaki salary calculate karein aur batayein kya is par koi court case ya judgment hai?"

POINT OUT TO JUDGES (THE WOW MOMENT):
1. Neuro-Symbolic Math (Sidebar): Point to Exact Formula: 1200000 / 12 * 2 = Rs. 200,000 - it automatically excluded the Rs. 6L unvested stocks/bonus and computed Rs. 2,00,000 for 2 months of fixed pay!
2. LL.B. Doctrinal Diagnostic (Sidebar): Point out how it applies Section 73 & Section 27 of the Indian Contract Act (void restraint on withholding relieving letter), Section 33C(2) ID Act / Order 37 CPC, and Section 63 of the Bharatiya Sakshya Adhiniyam, 2023.
3. Live IndianKanoon Web Precedent Agent (Chat Expander & Sidebar): Point to the expanded Web Precedent Agent Triggered (Severity 1.00 >= 0.60 Threshold) box showing live clickable Supreme Court & High Court judgments fetched from indiankanoon.org (like Central Inland Water Transport Corp. v. Brojo Nath Ganguly).
4. Bespoke Legal Notice PDF: Scroll to Verified Legal Notice of Demand and click [Download Notice (PDF)] to show the court-ready PDF.

1:45 - 2:30 | Part 3: Voice + Text Counterparty Negotiation Simulator (Practice Arguing)

ON SCREEN: Click the [Practice Arguing (Roleplay the Other Side)] tab.

SAY TO JUDGES: "Sending a notice is only half the battle - citizens also freeze up when arguing with HR or a stubborn landlord. In the Practice Arguing tab, NyayaMitra plays the opposing party in voice and text while coaching the user live."

ROLEPLAY TURN - SPEAK OR PASTE TO HR:

"Meri 2 mahine ki fixed salary 2,00,000 rupaye aur relieving letter turant clear kijiye, warna main Section 73 Contract Act aur Order 37 CPC me recovery case file karunga."

POINT OUT TO JUDGES: Show the Defensive HR spoken/text pushback, the Tactical Coach Tip, and the Suggested Next Argument.

2:30 - 3:00 | Part 4: The Safety Escalation Guardrail (When a Real Lawyer Is Mandatory)

ON SCREEN: Click [Guardrail Safety Test] in the left sidebar (under Quick Test Scenarios) or paste:

SAFETY GUARDRAIL INPUT (Hinglish):

"Mera pati aur uske gharwale dahej ke liye maar-peet kar rahe hain aur mera bachha chheen liya hai. Mujhe FIR karni hai aur divorce lena hai."

SAY TO JUDGES: "Finally, a responsible AI lawyer must know its boundaries. When we test a domestic violence, dowry, and child custody scenario, our deterministic + LLM guardrail immediately halts civil drafting and provides 24x7 emergency legal aid contacts - NALSA (15100), Women Helpline (1091), and 112 - all at an end-to-end cost of roughly 55 paise per consultation. Thank you!"
